PROJECTS

E-Commerce (React) 📄

- Responsive design includes features for filling in the shopping cart and searching products.
- Uses React, Context API, and Tailwind CSS.

Shoply E-Commerce (Flutter) 📄

- Built a full-featured shopping app with product browsing, cart management, and user authentication.
- Integrated Google Sign-In via Firebase Auth and handled backend data with Dio (REST API).
- Optimized state management using the flutter_bloc library.

Pet Adopt App (Expo) 📄

- Created a social platform for pet adoption with real-time chat and Google Sign-In features.

EDUCATION

08/2019 – 06/2023 **Management Information Systems**
Konya, Turkiye *Selcuk University*
